NUMBER 140.

EXULTANT DISPATCH.

Lord Roberts Praises the Dashing Movement of His Forces.

BOERS ARE FORCED TO RETREAT.

British Commander Makes Favorable Mention of Action of Five-Inch Guns Which Were Used For the First Time.

London, May 7.—Lord Roberts reports to the war office in a dispatch dated Smaldee, May 6, as follows: "We crossed the Vet river during the morning and are now encamped at Smaldee Junction. The enemy is in full retreat towards Zand river and Kroonstad. The turning movement was made by the mounted infantry just before dark Saturday. It was a very dashing affair. The Canadians, New South Wales, New Zealand Rifles and Queensland mounted infantry vied with each other in the determination to close with the enemy. Captain Anley of the Essex regiment, commanding the Third Infantry battalion, behaved in a very gallant manner.

"The naval guns and the artillery made excellent practice, particularly 5-inch guns used for the first time with this force. We captured a Maxim and 25 prisoners. Our casualties are very few—only 15 wounded, 1 killed and 3 missing."

The British arrived here without opposition. The Boers' last train left late Saturday night. The Boer losses on the west flank were 40 killed. Their rearguard remains behind kopjes 10 miles distant. There is much railway forage and corn here. It is stated that the Boers are retreating toward Kroonstad. The Sand river bridge is reported to have been destroyed.

War Situation Explained.

London, May 7.—The capture of Winburg by the British is confirmed, and the main advance to Pretoria continues with the machine-like precision and rapidity which has characterized all of Lord Roberts' forward movements. By the occupation of Winburg General Ian Hamilton puts himself nearly parallel with Lord Roberts, and only 29 miles eastward, while he has the additional advantage of being connected with his chief by means of the railroad that runs from Smaldee to Winburg. The only feature of the carefully devised plan of general advance that is not disclosed by the swift developments is that part General Buller has elected to take in the operations. At present there are no indications of any movement on the part of the national army. Doubtless a few days or less will bring out the British line of action before Biggarsberg. Lord Roberts is now nine miles north of the Vet and 63 miles north of Bloemfontein. Evidently he is not letting any grass grow under his feet, though the Boers seem equally anxious to retreat towards Kroonstad, and are so doing. At the time this dispatch is sent there is nothing new from General Hunter, but it is presumed he is steadily pushing forward in the direction of Mafeking, aided by the aggressiveness of Barton's and Paget's brigades.

London, May 7.—The annals of service demonstrations probably show nothing to parallel the enthusiasm with which the naval heroes of Lady-smith, the officers and crew of the British first-class cruiser Powerful, were greeted in London. The scenes in the streets were remarkable and inspiring. The whole route was a floating mass of color, and the enthusiasm displayed was of the most frantic description. The flags of all nations, banners and mottoes formed an almost continuous canopy for Captain Lambton and the contingent of the Powerful to pass under. Stands were erected at all the points of vantage, the houses were crowded with sightseers and all sorts and conditions of men, women and children commingled in the streets below, vying with one another in honoring the gallant sailors who saved Ladysmith. The Prince of Wales spoke briefly in terms of admiration of the work and valor of the seamen and officers, and then Mr. Goschen individually introduced them to the Prince of Wales, who shook hands with and said a few words to each of them.

Detroit, May 7.—Sybrant Wessellus of Grand Rapids, ex-state railroad commissioner, who is engaged in endeavoring to amalgamate societies of Boer sympathizers into a national organization, returned to Detroit from New York. Said Mr. Wessellus: "I have no doubt that a national society of Boer sympathizers will be formed within six weeks. The New York friends of the Boers are heartily in favor of the national organization."

GAY MEMPHIS.

Admiral and Mrs. Dewey Again in the Whirl of Entertainment.

Memphis, May 7.—The festivities in honor of Admiral and Mrs. Dewey, who, with Lieutenants Caldwell and Crawford, arrived in Memphis, drew a crowd of visitors from many southern states. The decorations of the downtown business houses are most elaborate. Admiral and Mrs. Dewey breakfasted alone at the Peabody hotel. After reading the morning papers Admiral Dewey received a few visitors.

At 11:30 the party was escorted to the Higbee school for young ladies, and an unique treat was then accorded the visitor. All the pupils of the school were dressed in red, white and blue, while the rooms were tastefully decorated. The young ladies rendered several patriotic airs, followed by recitations and instrumental music. The party returned to the hotel at 12:30 p. m., and Admiral and Mrs. Dewey were given an opportunity to rest for a time before the beginning of the big floral parade which started at 3 p. m.

A full-dress ball was given at the Grand Opera House, and the function in a social way eclipsed anything of the kind ever witnessed in Memphis.

Gompers on Japanese Coolies.

New York, May 7.—Addressing the Central Federated union, Samuel Gompers, president of the American Federation of Labor, spoke of the importation of Japanese coolie labor. He declared that Japanese coolies were taking the place of the Chinese who had been excluded. "No restriction," he said, "is placed upon the Japanese, and as a result they are coming into this country in droves. It is pretty near time something is done in this matter, as the first thing you know we will be overrun with cheap Japanese labor, which will supplant you, as the Chinese attempted to do." Mr. Gompers will address a meeting of the striking cigarmakers at Bohemia National hall, and afterward he will place himself in a position in regard to the injunction to bring about his arrest.

Starved Herself to Death.

Philadelphia, May 7.—An investigation into the death of Mrs. Hermina Meyer, 50, has shown that she was a victim of starvation, following her attempt at fasting treatment for rheumatism. C. F. Meyer, her husband, accepts the death of his wife as due to heart failure. Mrs. Meyer is said to have abstained absolutely from food for 35 days. For 25 days Meyer says his wife showed signs of improvement. Then she was seized with convulsive vomiting. On the thirty-fifth day she tasted food. From 150 pounds she was reduced to a mere skeleton. Three weeks following the breaking of the fast she died.

Arguments Begun.

Washington, May 7.—Arguments by counsel in the Coeur d'Alene investigation were begun, Frederick Robertson opening in behalf of those who have made the charges. He will be followed by John C. Cheney for the Idaho authorities in general defense of the action both of the Idaho officials and of the United States troops. General Merriam, who is in command of the troops in the Coeur d'Alenes, was present, but was not represented by counsel. The attorneys were urged to limit themselves to three hours on each side.

New Tunnel Used.

Altoona, Pa., May 7.—The new railroad tunnel through the Alleghenies at Spruce creek was put into service. The first train to pass through it was a heavy freight westbound. The cutting in the new tunnel was accomplished in 25 minutes by the large force of construction men on hand. Not a single train was delayed. The old tunnel abandoned will be widened during the summer and by December of the present year the Pennsylvania will have a solid 4-track through the mountain at this point.

Granted an Injunction.

Chicago, May 7.—Judge Tuthill granted an injunction restraining the board of county commissioners from inserting in contracts a clause stating that only union labor shall be employed in carrying out the work when it is to be paid for with public funds. The injunction was sued for by the contractors' council of Chicago, the members of which claim they are prevented by that clause from bidding on public works; the council refusing to employ union labor. An appeal will be taken.

No Settlement Reached.

Buffalo, May 7.—The Lackawanna and Erie employees are still at loggerheads with the officials of the roads. The Lehigh Valley officials have come to no decision upon the points involved in the men's petition for increased wages. The Western New York and Pennsylvania are still out pending the arrival of President Decourcy.

SOLD BACK NUMBERS.

Explanation of the Sale of Christian Advocate on Sunday.

DR. LEONARD ENTERS A PROTEST.

Committees of Methodist Conference Settle Down to work—No Action on Important Subjects Expected For a Week.

Chicago, May 7.—At the second week of the Methodist general conference the members of the different committees were hard at work. The committee on Episcopacy has a large number of memorials and resolutions to act upon, and the committee on state of the church has a formidable array. The other 12 committees also have their hands full.

Two important matters—the retirement of bishops and the election of others, and the amusement question—it was stated, have not assumed shape as yet.

Ex-Governor Pattison of Pennsylvania, chairman of the committee on the state of the church, before which the amusement problem will come for discussion, declared that while his committee had the usual flood of memorials waiting for it, nothing had been done, as their first meeting after organization will not be had until late in the day. The general opinion as expressed is that it will be a week before either the matter of new bishops or the move to raise the ban on theater-going, card-playing and dancing will take definite form.

The beginning of the session was lively. A stranger, tall and wild-looking, arose, and for several minutes delayed the conference by a disconnected harangue, accompanied by almost every variety of gesticulation. He was quieted, but no sooner had he taken his seat than Dr. A. B. Leonard caused a sensation of another sort.

He demanded to know by whose authority the Daily Christian Advocate, which reports the doings of the conference, had been hawked about the streets like any secular Sunday paper. It was sold, he declared with much vigor, at the very door of the Auditorium, while the Methodists were entering to attend divine services. "I want to put a motion right here," said the delegate from Cincinnati, that hereafter our paper be not sold on the Sabbath, and that the proper authorities be directed to enforce the rule."

D. D. Thompson, manager of the paper, explained that the papers sold were back numbers; that the sale was not authorized, and that it would not occur again.

There was violent opposition to Dr. J. M. Buckley's resolution directing that all articles on controversies under discussion by the conference be eliminated from the Daily Advocate, and a resolution by former Congressman M. W. Johnson, North Dakota, giving the approval of the conference to the use of the individual communion cups was cried down without the formality of a discussion.

Dr. Buckley's resolution concerning the suppression of certain articles was passed by a vote of 323 to 279, but not until several delegates had expressed themselves very freely.

Dr. John Lanahan, Baltimore, remarked that the editors were so used to suppressing things in their paper that they want to suppress the whole conference. A dozen others spoke in similar strain. A motion to table the resolution was lost and following this the resolution was passed.

An attack on the amusement clause in the Book of Discipline was made in an unlooked for way by Dr. J. E. Price of New York during the session. He questioned the constitutionality of the amusement paragraph—248—and asked that the committee on judiciary look into the matter. In explanation, Dr. Price said: "I do not believe the paragraph is constitutional, because it is a judicial ruling, but was not delivered in a case on trial. The paragraph was adopted in 1872, and not as the result of a trial."

St. Louis, May 7.—The storms that have swept through St. Louis and vicinity the past two days have resulted in considerable damage to property. The damage is confined to the blowing down of trees and portions of houses and signboards. Lightning caused several fires in this city and East St. Louis.

No Delegates Have Arrived.

Sioux Falls, S. D., May 7.—The vanguard of the national convention of the People's party has arrived, and already there is a sufficient sprinkling of notables here to give somewhat of a convention hue. A number of newspaper correspondents reached the city. So far no delegates have arrived.

A DESPERATE BATTLE.

A Negro Suspected of Murder Defies a Squad of Police.

Cleveland, May 7.—A desperate battle took place between a squad of policeman and a colored man suspected of being the burglar who shot and killed Patrolman John Shipp. The murderer, after killing the officer, made his escape.

The police traced the suspect to a house, and after surrounding the place called upon the man to surrender. He, however, opened an upstairs window, and began firing on the officers with two revolvers. The police returned the fire. Suddenly the burglar jumped from a second story window at some distance from where the officers were standing, and started down an alley, turning frequently to fire at the blue-coats as he ran. He finally escaped, although the officers are confident that he was wounded. Several of the policemen had their hats and clothing punctured by bullets, but no one was injured. More than 30 shots were exchanged.

GENERAL YOUNG

Reports That Aguinaldo Has Rejoined Insurgents in the North.

Manila, May 7.—Telegrams received here from General Young report that Aguinaldo has rejoined the insurgent general, Tino, in the north, and that they have re-assembled a considerable force in the mountains. General Young desires to strike them before the rains timent, and asks for reinforcements.

The tenor of the dispatches indicates that General Young is confident that Aguinaldo is with Tino, and it is presumed they are planning to resume fighting during the rains.

Company F of the Forty-seventh regiment met and routed a band of the enemy between Legaspi and Riago, province of Albay, April 13. Two Americans were killed and five were wounded, including two officers. The Filipinos lost heavily.

A Shower of Tornadoes.

Kansas City, May 7.—No less than 14 funnel-shaped tornado clouds are reported to have been seen in central Kansas, ranging through Saline, Ellsworth, Rice, Barton and Pawnee counties. As far as learned, Mr. and Mrs. William Helfrick, who lost their lives in the destruction of their home north of Ellinwood, comprise the fatalities. Over 20 people are reported slightly injured near Ellinwood. The first stop formed five miles north of Ellinwood at 5 o'clock in the afternoon, destroying the Helfrick home and damaging several other farm houses and outbuildings. Almost simultaneously another tornado formed about four miles east of Great Bend and moving in a northeasterly direction, demolished fences and barns and killed considerable live stock. Here William Welch's farmhouse and buildings were demolished, but the family escaped. Rain and hail, following the storms, did great damage to crops.

Taylor at Indianapolis.

Indianapolis, May 7.—William S. Taylor, Republican claimant to the governorship of Kentucky and the guest of Charles Finley, ex-Secretary of state of Kentucky, is at the Plaza hotel, in this city. He says he is on his way to Washington, D. C., where he will stay until the supreme court passes on the governorship controversy. The governor said that no importance could be attached to his visit, since he was merely making a social call on his friend. He declined to talk of the situation in Kentucky.

Why They Resigned.

New York, May 7.—At the meeting of the board of directors of the American Steel and Wire company, Henry W. Sellgman and Frederick W. Strauss resigned from the board. Subsequently the following was made public: "We have resigned from the directory of the American Steel and Wire company because Mr. Gates did not retire from the management of the company, as we had been given to understand that he would do."

Demands Refused.

St. Louis, May 7.—The board of directors of the St. Louis Transit company have refused to accept the demands presented by the committee of streetcar employees last week. President Whitaker opposed the new agreement providing that every employee must become a union man.

Death of Mr. Willis.

Detroit, May 7.—Richard Storrs Willis, 82, author, editor and teacher, died of heart disease at his home here. He was of distinguished Puritan ancestry, and a brother of the celebrated Nathaniel P. Willis. His sister was "Fanny Fern," the authoress.

Conference Opened.

Columbus, O., May 7.—About 400 delegates are attending the twenty-first quadrennial general conference of the African Methodist Episcopal church.

THE ORIGINAL BRAND

Of Populist Are Gathering For Their National Convention.

REFORM PRESS ASSOCIATION MEETS.

Places of Meeting at Cincinnati Are Decorated With Middle-of-the-Road Mottoes, Expressive of Their Sentiments.

Cincinnati, May 7.—The national convention of the Middle-of-the-Road Populists meets here Wednesday.

The National Reform Press association, which is auxiliary to the Middle-of-the-Roaders, is meeting here now. The state conventions for Ohio and Kentucky of the Middle-of-the-Roaders will be here also. As the national convention is likely to be in session at least two days, that element of the People's party which opposes fusion with Bryan or any other man or party will have the Middle-of-the-Road here most of the week. The first meetings and all committee meetings and conferences, even after the national convention assemblies, will be held at the Wehrman building, opposite the post-office. This 6-story structure has been fitted up throughout for their general headquarters, as few of them stop at the larger hotels. The Wehrman building and Robinson's Opera House have been decorated elaborately with Middle-of-the-Road mottoes, placards, expressive of sentiments against all other parties, especially against those who formerly affiliated with the People's party, and are now favoring fusion again.

Senator Butler of North Carolina, chairman of the fusion national committee; Senator Allen of Nebraska and other leaders who favor fusion, the same as in 1896 under the Chicago platform, are more offensive as fusionists than Chairman Jones or Chairman Hanna as opposing partisans.

Those who are here as the advance guard seem to be opposed to everything and everybody except the policy of the Middle-of-the-Roaders, who want no fusion and no compromise on anything. It is expected there will be about 2,000 delegates here.

ARMY OFFICERS.

Rank and File Will Be Reduced But Not the "Generals."

Washington, May 7.—Congress will perhaps be surprised to learn that the army law of 1899 does not provide for the reduction of the regular army to its dimensions prior to 1898, as is now popularly supposed. Experts say that only the rank and file will be reduced to 25,000 men; that there is thimble rigging phraseology in the law which retains all the additional officers in the service. Investigation appears to confirm this assertion.

About Neely.

Havana, May 7.—The United States transport Ingalls left here, having on board Colonel Burton, the inspector general, who is going to Fortress Monroe with orders to proceed direct to Washington. It is reported that this is due to discoveries made in connection with his inspection of the postal affairs in Havana, which resulted in the arrest at Rochester, N. Y., on Saturday of Charles F. Neely, formerly treasurer of the postoffice department in Cuba, on the charge of embezzling \$36,000 from the government. It is also thought possible that Neely's arrest may result in local arrests here before night. Neely, who was arrested in Rochester, N. Y., Saturday while on his way to California, and brought back to New York, has refused to make any statement regarding his arrest.

Sent to Conference.

Washington, May 7.—The senate agreed to the request by the house for a conference on the army appropriation bill, and Senators Hawley, Sewell and Cockrell were named as conferees. A conference was also agreed to on the fortifications appropriation bill, Senators Perkins, Warren and Pettigrew being named as conferees. The senate also agreed to a conference on the Colorado co-operative colony bill, in respect to desert lands, and Senators Hansbrough, Carter and Sullivan were named as conferees.

Cuban Editor Killed.

Gibara, Cuba, May 7.—Senor Alberti, editor of the Don Claridades, was shot and instantly killed by an unknown assassin at the theater. Alberti was an active politician, and his paper recently has been criticizing the action of the American officials, particularly the election orders. Hidalgo, who killed Captain Smith, collector of this port, in January, was editor of the Don Claridades. Alberti had received threatening letters, which he ridiculed in his paper.

GOVERNOR PINGREE, of Michigan, is disgusted with the trust-breeding record and imperialistic policy of the Republican party and announces he is no longer a member of the g. o. p.

SOME of the strongest and most startling testimony yet brought out against the Goebel suspects is that given by Mr. Taylor's Private Secretary, the Republican Assistant Secretary of State and a Republican clerk in that office. Out of their own mouths are they convicting themselves.

THERE is no longer any doubt that the Commonwealth has a very strong case against the men implicated in the conspiracy to assassinate Goebel. And there is little doubt also that his murder was pre-arranged. The most significant evidence on this point is that of Dudley Williamson, of the militia. His company had been assembled in the arsenal in citizen's clothes the morning of the assassination, and as early as 9 o'clock they were ordered to put on their uniforms and were prepared for service. An hour before the fatal shot they were drawn in line in the arsenal prepared for active service, and when the call came they quitted the arsenal and took immediate possession of the Executive building. Other witnesses, among them Col. Jack Chinn, testified that on the day of the assassination the State house yard was absolutely barren of mountaineers, while on every day before they were crowded about in great numbers. "It seemed," says the Courier-Journal, "as if general warning had been given to keep away and give the assassin room for true aim. Other witnesses, especially a negro employe of the Executive building, told of the mountaineers being in readiness "to stand the police back."

A Night of Terror.
 "Awful anxiety was felt for the widow of the brave General Burnham, of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c. and \$1. Trial bottles free at J. Jas. Wood & Son's drug store.

P. N. Corsets.

The reliable—we wouldn't sell any other kind. Our trade is steady, sure, trusting. We would not break faith with the least of our customers. When we say the P. N. Corset is of unquestioned merit, it is because we have studied the matter and are convinced. Do you know the advantage of a straight front corset? It prevents all pressure at the waist line and positively corrects abdominal obesity. It overcomes the mistakes of nature, makes awkwardness ease, converts irregularity into symmetry. There is no unprotected steel in the P. N. Corset to rust and corrode the clothing. Several styles to suit different figures. Three qualities. \$1, \$1.25, \$1.50.

Active Local Organization Effectuated—List of Officers and Committees Selected.

At a meeting called by the State Superintendent George L. Sehon, Mr. John Walsh, the President, being out of the city, Mr. Allan D. Cole was elected Vice President. Superintendent Sehon explained to those present the work of the various committees usually appointed to complete the organization of a local branch, and then upon motion the Vice President appointed the following committee to select suitable persons to serve on the various committees: I. M. Lane, W. W. Ball, S. D. Thompson, Misses Lizzie Trouts, Annie Bauer, Nettie Newell and Agnes Grant. The committee reported the following committees, which were upon motion approved by the meeting:

Committee on Petitions for Homes—I. M. Lane, Mrs. J. M. Scott and Mrs. Ernie White.
Committee on Applications for Children—Robert Cochran, Mrs. T. M. Russell, Wm. Grant.
Committee on County Organization—James T. Kackley, C. W. Darnall, J. E. Parker, Miss Mary Wilson, Miss Lettie Wood.
Legislative Committee—Allan D. Cole, W. H. Cox, James B. Wood.
Membership Committee—Mrs. Joseph H. Dodson, Miss An. L. Phister, Mrs. George T. Hunter, S. D. Thompson.
Clothing Committee—Mrs. Lucy Keith, Robert Hoeftlich and Perry W. Frankel.
Ways and Means Committee—Mrs. M. C. Russell, Miss Sallie Burrows, Mrs. Judge Cole, Miss Nettie Newell.
Press Committee—E. Swift, W. G. T. Baker and John Duley.

There being no further business the meeting adjourned with prayer by Dr. John Barbour.

Following are the duties of each committee:

Committee on Petitions—Is to investigate the calls for help and see that the society is not imposed on as it has been before by persons who were in a condition to care for their children, but simply want to get rid of them. The society is for the benefit of destitute children.

Committee on Applications—This committee investigates families wanting children, as to their religious and moral standing, financial condition, character, disposition, etc. If they think the family will take good care of the child, give it the benefit of a religious life, and will send the child to school and treat it as a member of the family and not as a servant, they recommend; if not, reject.

County Organization Committee—This committee is expected to introduce the work into every precinct and settlement in the county, having at least two good active workers at each place. In this way the county can act immediately when there is a destitute child, or can fill a home that needs a child, and can make the work known. Make all your members active members, as experience has taught us you can get much better results, so do not hesitate to ask them to give you a dollar. They will do so willingly and will do much better work.

Legislative Committee—The Society will have some important matters to present to the State and wants all the influence that can possibly be exerted on the local or county Representatives or Senators.

Membership Committee—This committee should try and secure all the members they possibly can. They will have no trouble in getting nearly every man and woman in Maysville and vicinity to give at least one dollar annually to the destitute children. This is less than two cents a week. The society needs the money and every dollar sent us helps one of God's homeless

waifs, the child of the slum, or the unfortunate little one born out of wedlock.

Ways and Means—The local board to give at least two entertainments annually for the benefit of the destitute children, a strawberry supper and musicale in the summer, an oyster supper or candy pulling in the winter.

Clothing Committee—This committee is to see that the children sent from this county have clothes enough for at least a change, and a neat outfit to go to the city in.

FAIR TALK.

Committee Appointed at Monday's Meeting to Push the Work of Organization.

Those who attended the meeting at the Council Chamber Monday afternoon to inaugurate a move to hold a fair here next fall were enthusiastic, and before the meeting adjourned a committee was named to take charge of the preliminary organization.

Mr. Wm. Luttrell was elected Chairman and Mr. H. C. Curran acted as Secretary. After some discussion the following were named to push the work of organization: Messrs. Thos. L. Best, Logan Marshall, O. G. Callahan, Alex. Duke, P. P. Parker, Cal. Arthur, Charles Rhodes, Baldwin Cartmell, J. W. Fitzgerald, Vachel Worthington, J. J. Perrine, Pearce Calvert, Charles C. Calvert, Charles Stroude, Frank Goodwin, James Morgan, Sam Stairs, John Clarke, W. E. Cift, Elijah Kirk, W. E. Bullock, W. H. Rice, E. R. Davis, Charles Biggers, Wm. Gill.

On motion of Mr. P. P. Parker, Mr. Luttrell was also added to the committee.

It is the intention to organize a stock company, the shares to be placed at \$20 each, probably, one-half of it payable on organization. This matter, however, was not definitely settled.

The committee will meet Saturday, May 19th, at 1:30 p. m. at Council Chamber.

Mr. Luttrell suggested that a woman's auxiliary board be appointed to have the entire control of the display in the floral hall.

"OF THE PEOPLE,"

And for the People and Their Best Interests—Words of High Praise for Kehoe, Mason's Eloquent Son.

[Bath County Democrat.]

James N. Kehoe, of Mason County, has announced himself as a candidate for Congress in the Ninth Congressional district, subject—as he always is—to the action of the Democratic party.

Mr. Kehoe is what may in the broadest and best sense be termed "a self-made man." He began life as a poor boy, and "while others slept he toiled upward in the night." From a factory boy he, by his own indomitable energy, his heart and brain ablaze with laudable ambition and commendable zeal, forged his way onward and upward until to-day he is the peer of any lawyer or speaker in Northeastern Kentucky. Mr. Kehoe has never been what might be termed an office-seeker, but has been content to champion the cause of his friends and the principles of the Democratic party. He has since he reached his majority been a strict party man, but never an "offensive partisan." He has on all proper occasions thrown himself in the thick of his party's battles for good government, and brought to bear all his splendid gifts upon the enemies of "the great common people."

Mr. Kehoe is at present the Master Commissioner of Mason County, and upon his private or public life there is not a single stain. He is an affable, genial gentleman, brave as a Caesar and as gentle as a lamb. Mr. Kehoe would adorn a seat in the Congress of the United States, and reflect both credit to himself and the people of the Ninth district. He can win and win easily, for he is a man of the people and for the people, and their best interest. We need not say more; we can not, in justice, say less.

[Mt. Olivet Advance.]

The candidacy of Hon. J. N. Kehoe for Congress is receiving the hearty indorsement of the Democracy of Robertson County, and when the convention rolls round he will receive the instructions of the county without a dissenting voice. We have talked to a number of Democrats, and have yet to find one who will not support him.

[Cincinnati Enquirer.]

Dr. Malcolm Dills, wife and son, of Carlisle, Ky., are at the Emery. Dr. Dills and his family will sail for Europe the last of June with Dr. Frank Knapp, of Cleveland, and they will make a continental tour, besides attending the exposition and the World's Homeopathic Medical Convention in Paris, to which they are delegates.

Asked about politics in his district, the always hotly contested Ninth Congressional, carried by Republican Judge Pugh by only 11 majority at the last election, and that disputed, Dr. Dills said:

"It is my impression that Hon. James N. Kehoe, of Maysville, will be nominated for Congress by the Democrats, and I believe that he will be elected. You all remember I predicted the defeat of the Democratic nominee in our district two years ago, and it came true."

Dr. Dills has not been acting with the regular Democrats since '96, but there is hope for him yet.

Tobacco plants are said to be very promising throughout this section.

Cincinnati Tobacco Market.

The Cincinnati Leaf Tobacco Warehouse Company says: "The tobacco market for the week just closed was rather more favorable to the seller than the preceding one, opening on Tuesday with small offerings, all of which passed to the buyer before noon at prices closely paralleling those current for the same grades the previous week."

"On Wednesday the offerings were more liberal, showing a more plentiful supply of old tobacco. The attendance of buyers was larger than usual; the increase in the ranks was mainly of seekers for old tobacco of good quality; and prices for good to fine fillers and fancy cutters were materially advanced. The major portion of the offerings of these sorts were readily taken at prices acceptable to the seller, though not quite so high as might have been had for the same tobaccos in September last. The better grades of new also had a full share of the competition and were active and strong in the bidding, selling at full and remunerative prices."

"For the closing days of the week the offerings were light, and did not allow a very large proportion of the better grades."

"As a whole the market can be quoted as better on most grades of tobacco. While we anticipated less activity in the bidding for winter order tobaccos, and a shade lower prices, we are glad to say prices bid for these sorts showed no discrimination."

"The redried new met an active and firm market and closed strong, showing every indication that prices for keeping order tobacco are hardening."

The Lawn or Garden

Ought to be attended to now if you want to add to the attractiveness of your home this summer. You'll need proper tools, and can buy them here with the assurance that you are paying the lowest prices and at the same time getting dependable goods of best quality. In LAWN MOWERS we offer two great leaders—the "Lord Baltimore" and "Sterling," which we have in the various sizes.

GIVE THE LITTLE DARLINGS A JOYFUL SURPRISE.

Buy of us one of those comfortable LAWN SWINGS, which will furnish a season's delight to both young and old. They're inexpensive, though substantially built and nicely painted. Will hold in perfect safety as many as care to "pile on." Come and let us convince you that this is one of the hot weather comforts you really want.
